Re: Change in Team Member

Dear Quanta/ATCO Consortium:

On behalf of the Puerto Rico Public-Private Partnerships Authority (the "Authority"), we write to inform you that the Authority is in receipt of your letter dated November 12, 2019 (the "Letter"). The Authority thanks you for your continued participation in the procurement process set forth in the Request for Proposals for the Puerto Rico Electric Power Transmission and Distribution System (RFP 2019-2), issued by the Authority on February 1, 2019, as amended and supplemented (the "RFP"), and we appreciate your efforts to comply with the requirements of the RFP by keeping us abreast of any changes to your Statement of Qualifications ("SOQ").

The partnership committee established by the Board of Directors of the Authority to oversee the referenced procurement process (the "Partnership Committee") has evaluated the contents of your Letter, and we hereby notify you that the Partnership Committee consents to your request to change the composition of your Team Members (as such term is defined in the RFP) as described in the Letter. These change shall in no way modify the requirement for an entity with the requisite level of financial capacity to provide the guarantee contemplated under the Puerto Rico Transmission and Distribution System Operation and Maintenance Agreement in the event you are the Selected Proponent (as such term is defined in the RFP).

As a result, the Partnership Committee's evaluation of the Quanta/ATCO Consortium, and specifically, their evaluation of the Quanta/ATCO Consortium's "Background & Team Information", will take into account the new composition of Quanta/ATCO Consortium's Team Members (as such term is defined in the RFP).

The Authority looks forward to your continued participation in the process. Please do not hesitate to contact the Authority with any questions or concerns regarding this letter via PowerAdvocate.

Cordially,

Fermín E. Fontánes Gómez
Executive Director
