#	Date Submitted	Bidder	Topic	Priority	Request Confidential Treatment?	Confidential Treatment Justification	Dataroom Reference	Question	Date Answered	Status	Notes
1	11/4/2019	PSEG	Legal	High				In P3's October 11, 2019 Responses to PSEG Clarification Question 7.b, P3 states "From the beginning of the process, we have indicated that the O&M Agreement will not be FEMA compliant." Accordingly, the Federal Funding Certifications and Conditions are not applicable to Qualified Respondent as Operator and therefore Annex B to the RFP and Exhibit A to the O&M Agreement should be revised as indicated in the attached redlined documents.			
2	11/4/2019	PSEG	Legal	High				In Section 2.2(c) of the O&M Agreement ("Outside Date") it provides that "If the Effective Date has not occurred by the date specified in the RFP or such later date as the Parties may mutually agree in writing, the Bid Security (as defined in the RFP) shall be held, drawn or returned as provide in RFP." Please advise what is the outside date since it is not specified in the RFP or its addendums? If the Effective Date has not occurred by the outside date and the Owner has no basis to draw on the letter of credit, then the RFP should make clear that the Bid Security should be returned to all bidders.
