Re: Urgent Request for Information Regarding FAA Permits

Ladies and Gentlemen:

Reference is made to the Puerto Rico Transmission and Distribution System Operation and Maintenance Agreement dated as of June 22, 2020 "O&M Agreement" among (a) the Puerto Rico Electric Power Authority ("PREPA"), a public corporation and governmental instrumentality of the Commonwealth of Puerto Rico, created by Act No. 83 of the Legislative Assembly of Puerto Rico, enacted on May 2, 1941, (b) the Puerto Rico Public-Private Partnerships Authority ("P3 Authority"), a public corporation of the Commonwealth of Puerto Rico, created by Act No. 29 of the Legislative Assembly of Puerto Rico, enacted on June 8, 2009, (c) LUMA Energy, LLC ("ManagementCo"), a limited liability company organized under the laws of Puerto Rico and (d) LUMA Energy ServCo, LLC ("ServCo" and, together with ManagementCo, "LUMA"), a limited liability company organized under the laws of Puerto Rico.

On June 30, 2021, Ms. Yennifer Álvarez reported on www.jayfonseca.com that LUMA's helicopter certification #133 was revoked by the Federal Aviation Administration ("FAA"). Allegedly, certification #133 was cancelled because LUMA does not have any pilots with the experience and the required flight hours. Further, the piece claims that both of the qualified former PREPA employees rejected LUMA's employment offer.

Pursuant to Section 6.2(v) of the O&M Agreement, the P3 Authority requests LUMA to state its position in connection with article and to inform and clarify the veracity of the allegations therein, If the information in the piece is accurate, or if LUMA does not currently possess the certification #133, please inform the P3 Authority of the

measures that LUMA is and will be taking to assure that helicopters can be operated by LUMA when necessary.

The P3 Authority kindly requests that the above information be addressed in detail by no later than July 1, 2021 at 12:00 pm.

Sincerely,

Fermín E. Fontanés Gómez
